

KASHIKA N S

Aspiring Software Engineer | AI/ML & Embedded Systems Enthusiast

Coimbatore, Tamil Nadu, India | kashikasampathkumar@gmail.com | +91 79043 35564 | [linkedin.com/in/kashika-ns-17548527b](https://www.linkedin.com/in/kashika-ns-17548527b)

OBJECTIVE

Third-year Computer Science and Engineering undergraduate skilled in Python, C, and C++, with hands-on project experience in machine learning, embedded systems, and application development. Consistently self-driven in learning new tools and technologies, evidenced by six completed certifications across AI, networking, databases, and hardware. Seeking a Software Engineering Internship at Google to contribute strong problem-solving skills and a fast-learning curve to impactful, real-world engineering work.

EDUCATION

Kumaraguru College of Technology, Coimbatore <i>Bachelor of Engineering (B.E.) — Computer Science and Engineering, 3rd Year</i>	2024 — 2028 (Expected)
SH Sarasswathi Vidh Mandheer School, Mettupalayam, TN <i>Senior School Certificate Examination (Class XII), CBSE — 84.4%</i>	2024
SH Sarasswathi Vidh Mandheer School, Mettupalayam, TN <i>Secondary School Examination (Class X), CBSE — 89.2%</i>	2022

TECHNICAL SKILLS

- **Programming Languages:** Python, Java, C, C++
- **Tools & Platforms:** Cisco Packet Tracer, Git Hub, Hackerrank, ByteXL, Raspberry Pi, Blender, Python IDLE
- **Domains:** Machine Learning & AI, Full stack development, Cloud Computing, Embedded Systems, 3D Modelling, Database Management, Networking Fundamentals
- **Languages Known:** English, Tamil, French (basic)

PROJECTS

Credit card Transaction Fraud Detection — AI/ML Project Engineered a machine learning classification model in Python to flag fraudulent vs. legitimate credit card , applying feature analysis and model evaluation techniques.	Python
Weather Forecasting System — Grade 12 Project Built a weather prediction system applying data-driven forecasting methods, laying the technical foundation for later AI/ML coursework and projects.	Python
IDIOMATRIX — Puzzle-Driven Language Learning Game Conceptualized and documented a 22-page design for a puzzle-adventure game teaching idioms, proverbs, and metaphors through progressively difficult, culturally themed levels. Combined narrative design with logic-based puzzle mechanics to make language learning interactive and engaging.	Kumaraguru College of Technology

CERTIFICATIONS

- **Foundational Course on Applied Machine Learning and AI** — Confederation of Indian Industry (CII), NCVET-recognised, 1934 hrs (2026)
- **Beginning Custom Projects with Raspberry Pi** — Johns Hopkins University, via Coursera, with Honors (2025)
- **Foundations of 3D Modelling in Blender** — Packt, via Coursera (2025)
- **Database Management System Part 1** — Infosys Springboard (2025)
- **Getting Started with Cisco Packet Tracer** — Cisco Networking Academy (2026)
- **Exploring Networking with Cisco Packet Tracer** — Cisco Networking Academy (2026)

ADDITIONAL ACTIVITIES

- **Founder & Presenter, "Domain Sphere" (YouTube)** — Created and presented technical content on emerging domains including Automation & AI, Cybersecurity, Healthcare, and Gamification.
